

THIEVES®

PRODUCT INFORMATION PAGE

Product Summary

Young Living's amazing Thieves essential oil blend was inspired by the legend of four fifteenth-century thieves in France who formulated an aromatic blend composed of cloves, rosemary, and other botanicals to use while robbing graves. When captured, they were offered a lesser sentence in exchange for their secret recipe. Young Living's one-of-a-kind blend is formulated with pure clove, cinnamon bark, rosemary, lemon, and eucalyptus (*E. radiata*) essential oils. Thieves blend can be found in many of Young Living's most popular products and is a safe, natural alternative to harsh chemicals and cleaners.
